

Brookwood High School

Mathematics Department

August 9, 2010

Dear Parents,

At Brookwood High School, technology is a vital part of the mathematics program. Graphing calculators are used daily as an instructional tool. Thus, it is imperative that students have access to a graphing calculator in the classroom and at home.

The Mathematics Department is offering a rental program for students who do not wish to purchase a calculator. The rental fee is \$15 per semester, or \$25 for the school year. This fee does not include batteries.

To complete the rental process, please complete the form below and include a check made payable to Brookwood High School. Cash will not be accepted. Students who rent calculators will be held responsible for the replacement cost of a lost or damaged calculator. If you have questions or concerns, please contact your student's mathematics teacher.

Thank you,
Brookwood High School Mathematics Department

PARENTAL PERMISSION AND FINANCIAL RESPONSIBILITY FOR TI 83 or TI 84 CALCULATOR

I agree that my renting of the TI 83 or TI 84 calculator from Brookwood High School is for my instructional use in the math course in which I am currently enrolled during the 2009 – 2010 school year. I understand that I am responsible to BHS for the return of the calculator at the end of the term. In the event the calculator is not returned in good working condition, I agree to pay the replacement fee of \$100.
